## **Breaking News: Venue change – MIDE 2023 moves to MITEC**

### ***Same dates, new location!***

Due to scheduling changes at the World Trade Centre Kuala Lumpur (WTCKL) in Malaysia, where the Malaysia International Dive Expo (MIDE) was supposed to be held on 26-28 May, WTCKL asked MIDE to move from Hall 3 on Level 3 to the Merdeka Hall on Level 4. The request came about after one of the Malaysian political parties scheduled its annual general meeting at WTCKL.

However, after much deliberation, the organizers of MIDE were not able to reconfigure the original floor layout for Merdeka Hall, hence they decided to move MIDE 2023 to the Malaysia International Trade & Exhibition Centre (MITEC) at Jalan Dutamas in Kuala Lumpur with immediate effect.

The organizing team will provide MITEC venue information to all exhibitors, participants and visitors shortly. In addition, the MIDE website and social media pages will be updated with this information. See updates on [FB, IG & Twitter at hashtag of MIDEEXPO](#).

The organizers offer their apologies for any inconvenience caused and thank all for their understanding. More than anything, they look forward to welcoming everyone to the new venue.
